----- Actual

The graph displays the 'Actual' data series over time. The Y-axis represents values from 0 to 40 in increments of 5. The X-axis shows dates from Sep-97 to Jun-02. The 'Actual' series (represented by a dotted line) shows a repeating pattern of sharp peaks followed by gradual declines. The peaks occur around Jun-98, Jun-99, Jun-00, and Jun-01, with values reaching approximately 33, 33, 35, and 35 respectively. The values then decline to near zero before the next peak. A legend at the bottom indicates that the dotted line represents 'Actual'.

Confine and rehabilitate adult offenders

A002 Civil Commitment of Sexually Violent Predators

Agency: 100 - Office of Attorney General

Expected Results

As a result of the Sexually Violent Predator Unit, the most dangerous and violent sexual predators in the state are detained, evaluated, and treated. They are held until they no longer constitute a threat. Consequently, fewer people are victimized, and the public is better protected from those who are most likely to reoffend.

As of 5/27/2009

Percentage of commitments achieved in Sexually Violent Predator (SVP) cases out of cases closed.				
Biennium	Period	Target	Actual	Variance

**Enforce the law****A003 Criminal Investigation and Prosecution**

Agency: 100 - Office of Attorney General

Expected Results

This Criminal Litigation Division assures that where a prosecution can not proceed because of conflict or lack of experience, there is a competent, highly-skilled prosecutor to represent the people. On occasion, the local prosecutor may not be able, or may refuse to act, and if so requested, the existence of the unit guarantees that matters can be prosecuted even if the local prosecutor does not wish them to be. This unit raises the level of prosecution and this results in greater public protection.

A004 Enforcement of Liquor Control Laws

Agency: 195 - Liquor Control Board

Expected Results

As of 5/27/2009

The Enforcement Division will provide saturation patrols for 10 community events yearly. The division will target Mardi Gras, Seafair, Water Folies concerts, and other large events. Liquor and Tobacco Officers will conduct over 50,000 liquor premise inspections each year of the 2005-07 Biennium, providing licensees with enabling techniques that increase compliance with state liquor laws. Officers will annually conduct 20 fatality and serious injury post-crash investigations requested by state and local law enforcement agencies to help establish the source of alcohol (such as on-premise liquor license location, overservice, or service to minors). Liquor and Tobacco Officers will conduct over 1,600 random liquor compliance checks each year to ensure that licensees are not providing alcohol products to minors. They also will provide training to approximately 15,000 licensees/employees on responsible liquor sales methods and the consequences of selling alcohol products to minors.

Agency: 235 - Department of Labor and Industries

Expected Results

As of 5/27/2009

Inspecting and certifying of more than 100,000 vessels each year for all power boilers, and every two years for all heating boilers and pressure vessels), these inspections and certifications are done by state boiler inspectors and inspectors working for insurance companies. Identifying through inspections imminent life-safety violations that prompt the issuance of "red tags" that terminate use of a vessel until the violation has been abated or the vessel is replaced. Providing consultative services to all boiler/pressure vessel owners, insurance companies, users, and non-state inspectors. Identifying and issuing 5,000 new operating permits for vessels each year. Issuing penalties for non-compliance.

High hazard dams have 3 or more residences downstream that would be flooded if the dam failed. Annual reporting as reporting changed from quarterly to annual during third quarter of FY08; previously published actuals are included in 4th quarter actual figure. We inspect the 144 high hazard dams on a 5 year cycle, but we are expecting that number to rise as we identify previously unpermitted dams. In our routine work, we noticed dams not in our inventory. We are assessing which of those dam

At the end of Fiscal Year 2004, there were 147,000 active servers in LCB's database of MAST permit holders. LCB certifies the training curriculum of the private sector providers who provide this training. Currently, there are 24 MAST providers, with more than 1,000 trainers statewide. The number of providers is expected to reach 30 by the end of the next biennium, based on an increase of two new providers per year. Additionally, the certification of 13 current providers will be expiring in the 2005-07 Biennium, requiring resubmission and LCB review of their curriculum if they wish to continue to train.

A012 Firearms Registration and Licensing

Agency: 240 - Department of Licensing

Expected Results

The Firearms Program measures its success by processing all concealed pistol, alien firearm and firearm dealer licenses within three business days after receipt of the document; processing court conviction notices within three to five business days after the receipt of a document; completing all certifications (verification of the accuracy of the information contained in the firearms database) within one business day; citizens receive their license or handgun within the time frame required, supporting their constitutional right to bear arms. Law enforcement is able to ensure that only those individuals who can lawfully possess a firearm receive licenses, contributing to public and officer safety. The Department trains over 300 law enforcement record specialists and law enforcement officers statewide each year on how to conduct criminal history background checks on license applicants and procedures to properly complete license documents. Over \$900,000 is collected each fiscal year that is deposited into the General Fund-State.
